

## Ganymedes LGBT Student Association Groningen

Ganymedes is the only student association in Groningen that focuses on (international) students who identify with the LGBTQ+ community. We were founded in 2008 and have been around for twelve years now. Our goal is to provide a safe and fun environment for LGBTQ+ students where they can be themselves.

For our 120 members we organise a drink every Thursday in our regular pub. In addition, with the help of a large group of active members, we organise other activities several times a month. These may be themed parties, which are open to both members and non-members. We also organise social activities, such as a lecture or an educational film evening followed by a discussion. In addition, we are committed to organising events that try to improve the position of our target group, such as the annual #050hangtdevlaguit campaign on Coming Out day.

### Sponsor possibilities

We have put together a number of ready-made sponsorship packages to give you an idea of the possibilities. The amounts mentioned relate to a cooperation of one calendar year. Of course, we are also open to other forms of cooperation, such as sponsoring a specific event. For more information, please contact [extern@ganymedes-lgbt.nl](mailto:extern@ganymedes-lgbt.nl).
